

Ranking Players Successful in Annual Davis Tennis Tournament on Courts of Longwood Club

Davis Defeats Guild in the Most Spirited Match of Day

Collegians Battle Through Two Deuce Sets Before Californian Is Victor; Tilden Advances by Default and Drops Practice Tilt With Williams

BOSTON, July 18.—Ranking players continued along the even tenor of their way when play was resumed to-day in the thirtieth annual Longwood Bowl singles tournament here, and the field has been reduced to sixteen men, including eight from Boston and eight from other sections of the country.

William T. Tilden 2d, of Philadelphia, still is looking forward to his first tournament singles match in Boston. He drew a bye, then got a default in the second round, but had a practice set with R. Norris Williams 1d to-day, and the Longwood star took six of the eight games that were played. Tilden had started "cold," while Williams had just finished a match, so that the 6-2 count was not conclusive.

The most spirited competition to-day was furnished by lesser lights. James Davies, California intercollegiate champion, engaged Henry Guild, of Boston, a left-hander who won the Harvard singles title a year ago, and the visitor was victorious after two deuce sets.

Many Brilliant Shots
The match abounded with brilliant shots, but neither was consistent in return of service, so that the match was bitterly fought. Serving better than at any time in his career, Davies finally succeeded enough to pull out both sets, 7-5 and 9-7.

Another Pacific Coast youngster who had to struggle to gain his third round bracket was Phil Bettens, who was ranked No. 8 on the Coast last year. Opposing Walter I. Badger Jr., formerly Yale caddyman, Bettens had to struggle to yield his opponent even, but he did so by mixing his shots, while Badger relied solely on speed, that was not always well controlled.

E. R. Larned, the New York veteran who won a leg on a Longwood bowl match last year, was scheduled to advance at the expense of a local player, A. N. Reggio, and if he wins again to-morrow against Sidney Beals he will oppose Tilden in the fourth round. Starting to-morrow the matches will be best three in five sets, and the pairings are as follows: Tilden vs. Bettens, Larned vs. Beals, Niles vs. Hinkley, Rice vs. Prescott, Williams vs. Davies, Shaw vs. Chapin, Johnson vs. Fischer, Foster vs. Taylor.

Extra Sets Necessary
Extra sets were fought out in two of the matches, Harry Prescott defeated his Longwood clubmate after easing up in the second set. It was a different story in the third round, when the former dropped the first set at 1-6, and lost only two games in subsequent sets.

An excellent start was made in the doubles, fourteen matches being completed. Sundry weather tempered by an occasional breeze, but most of the matches were concluded as fast as possible by the stronger teams. To-day's play marked the first appearance of Tilden and Wallace Johnson, in a doubles match, and they pushed themselves a bit to win with the loss of only one game.

Charles Shaw and Clyde Curley, a Providence team, drew a bye and moved into the third round by overcoming Brooks Fenno and E. T. Herndon, recent intercollegiate stars at Harvard and Princeton, respectively. E. P. Larned and F. C. Inman, of New York, dropped their opening set, but pulled out the match against a local team.

Miss Helen Wainwright Returns From the Coast

Miss Helen Wainwright, of the New York Women's Swimming Association, who established a new women's record for 880 yards on the Coast, returned to the East yesterday and had a short work-out in the pool of the Brighton Beach Baths. Miss Wainwright completed a series of matches while in Los Angeles and San Francisco.

Tom Blake, the Californian, who last Saturday won the national ten-mile championship, also enjoyed a work-out at Brighton. He will race against Johnny Weissmuller, the Chicago sensation, in a 440-yard race Friday afternoon in the Brighton pool.

Williamson Is Leader In New York A. C. GOLF

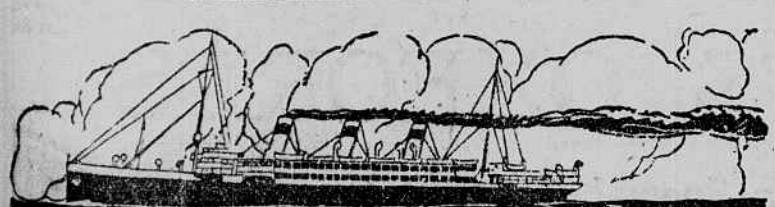

The New York Athletic Club held the qualifying round of its monthly tournament yesterday over the links of the Westchester-Biltmore Club. F. D. Williamson led the field with a net score of 87 for nine holes.

The summary follows:
F. D. Williamson, 87; A. C. Harrington, 87; M. K. Kadeche, 87; Ralph Horcon, 43; C. C. Nobles, 44; J. F. Kelly, 44; D. Lawrence, 44; Arthur McAlleman, 46; J. J. Ryan, 46; William C. Cortner, 47; D. O'Callahan, 47; E. L. O'Neil, 48; F. P. Ryan, 48; G. B. McNally, 49; Ralph Spotts, 49; F. C. Williamson, 50.

O'Neil to Box McGee

For the weekly boxing show of the 102d Medical Regiment to-morrow night, matchmaker Jimmie Ambrose has matched K. O. Red O'Neil, of the 102d Medical Regiment, and Eddie Gorman, of the 12th Regiment. They will meet in a ten-round bout.

In an eight-round bout Solider McGehee, 12th Regiment, will oppose George Powell, 102d Medical Regiment. Two six-round bouts and four four-round bouts complete the card.

Two-Section Davis Cup Competition Plan Is Favored

System Advocated Would Do Away With Heavy Expense and Numerous Defaults

LONDON, July 18 (By The Associated Press).—The British lawn tennis council's decision to withdraw the British Isles team from the Davis Cup match was due mainly to financial considerations, it was learned to-day. It was declared the British Lawn Tennis Association lost more than £1,000 on last year's invasion of the United States, and despite the fact that this year's "tie" in the United States would be in the final round of the tournament, another heavy loss would be inevitable, owing to the fact that Major A. R. F. Kingscote and Randolph Lycett would be unable to participate.

Tennis players generally finance trans-Atlantic tours through a tournament levy of two shillings for each competition they take part in. The general feeling is that England should not have challenged unless she was prepared to go through with the matches. The sentiment prevails that men like Gilbert, Gordon-Lowe, Campbell and Turnbull were capable of putting up a creditable fight.

On the other hand, it is pointed out in tennis circles that this year's partial collapse of the Davis Cup competition with a succession of defaults through heavy expenses due to trans-Atlantic travel, under which the country has been remodeled. "The Westminster Gazette's" plan is to divide the competition into two sections—one American and the other European—giving every challenger a second option of playing through either section.

Gerald L. Patterson, the Australian player, informed The Associated Press to-day that he warmly supports this plan, and that the competition must be broken down. At noon he will appear in a select field in the national A. U. 440-yard championship, to be held off-shore over a course of 110 yards, while late in the afternoon he will be a starter in two-mile races in the meet to be held in the Brighton open air pool.

Weissmuller will swim in two invitation events in the tank. He will take part in the 100-yard freestyle race, a 150-yard backstroke event, while in the 150-yard backstroke event he will meet John Numan, a leading backstroke artist in the East. In the quarter mile championship Weissmuller will meet, among others, Thomas E. Blake, of Los Angeles, the Batter in New York, to Sandy Hook. Toth and Richards will be joined later, it is said, by Henry Sullivan, of Lowell, who has made several attempts to swim the Channel, and by Walter Patterson of Bridgeport, Conn.

Richards Off to Attempt English Channel Swim

BOSTON, July 18.—Sam Richards, veteran Boston long-distance swimmer, left to-night for New York on his way to England, where he will attempt to swim the English Channel next month. Richards is the second New Englander to leave for England to attempt the Channel swim, Charles Toth having left a short time ago.

Richards has been prominent in deep sea swimming since 1907, and he is said to be the first man credited with having negotiated the swim from the Battery in New York, to Sandy Hook. Toth and Richards will be joined later, it is said, by Henry Sullivan, of Lowell, who has made several attempts to swim the Channel, and by Walter Patterson of Bridgeport, Conn.

England Wins Rifle Match

LONDON, July 18.—At the Bisley Rifle Meeting the Kolapore Cup was won to-day by England in a close competition with the Canadian rifle team. The English rifle men scored 1,080 and the Canadians 1,071. Guernsey was third with 1,033 and India fourth with 995. Only four teams completed.

Hanrette Wins Double Victory in Swim Race

James Hanrette, brother of the former New York A. C. star swimmer, won the individual point trophy at the schoolboy swimming meet held last night in the Palace of Joy pool at Coney Island. Hanrette accounted for the 100-yard and 50-yard events, defeating George Fissler handily in each race.

The summaries:
50-yard swim—Won by James Hanrette; George Fissler, second; H. Moore, third. Time, 0:23.
100-yard swim—Won by James Hanrette; George Fissler, second; H. Moore, third. Time, 0:45.
150-yard swim—Won by James Hanrette; George Fissler, second; H. Moore, third. Time, 1:08.
Fancy diving contest—Won by R. Shelley, 44.5 points; James Hanrette, 37.5 points; second, H. Moore, 35.5 points. Plunge for distance—Won by H. Moore, 44.5 points; George Fissler, 39.5 points; second, W. O'Leary, 34.5 points; third, H. Moore, 34.5 points.

Michigan Boxing Board Virtually Abolished

LANSING, Mich., July 18.—The office of Commissioner of the State Board of Athletic Control, which has had charge of all boxing contests in Michigan, was virtually abolished by the State Administrative Board to-day. The administrative board decided that the boxing commission be merged with the State Department of Public Safety and be conducted by E. A. Maccauley, secretary of the athletic board.

It was explained that economy necessitated elimination of the salary of Commissioner Thomas W. Bigger.

Ten Local Golfers Will Play In Public Links Championship

Every Amateur Not a Member of a Club Is Eligible for Qualifying Round to Select New York Team Which Will Be Sent to Toledo

By Ray McCarthy
The committee in charge of the first national amateur public links championship golf tournament of the United States, which is to be played at Toledo, August 28, 29, 30 and 31, has asked New York to send at least ten men to this meeting. The qualifying round, to determine the ten men who will make the trip, will be played at Van Cortlandt Park on Saturday, July 29. The competition will consist of thirty-six holes medal play.

Every amateur who is not a member of some golf club is eligible for this tournament, but in order that the congestion may be relieved as much as possible it is requested that only those players who honestly believe they have a chance of qualifying should enter. All players intending to participate in the meeting must send their best four scores, made at Van Cortlandt, Moshulu, Pelham Bay or Forest Park with their applications to C. M. H. Atherton, 347 East Seventy-fourth Street, New York City. All entries must be filed before noon of Tuesday, July 25. Pairings and starting times will be announced immediately after that date.

In conjunction with this qualifying tournament will be a team competition for a trophy offered by the Westchester country club. Five teams of three men each have been entered, viz., New York Golf, Scottish-American, Manhattan, C. M. H. and New York Newspaper clubs. No Brooklyn clubs have sent in their entry.

West Is Represented
The tournament at Toledo, which will be the first of its kind ever to be held in this country, has aroused a nation-wide interest. Chicago, where public links golf is at its best; Toledo, Indianapolis, Boston, Worcester, Hartford, St. Louis, another stronghold of public links golfers—Detroit, Cleveland, Cincinnati, Seattle, San Francisco, Los Angeles, Atlanta and other cities are all mustering their forces for the drive in August. Interest in the tournament has grown tremendously within the last fortnight, and this meeting promises to be one of the biggest yearly fixtures on the golf calendar.

What is more, the tournament is calculated to develop public links golf in a manner that will make the game as great a national sport as is baseball. Sybilus P. Jernian, president of the Toledo District Golf Association, who has done more to promote the tournament than any other man, has arranged with the city officials of Toledo to have that city play the part of host to these public links golfers as well as to the national team. The tournament will be played at Ottawa Park, which is within four miles of the heart of the City of Toledo. The tournament will be played at Ottawa Park, which is within four miles of the heart of the City of Toledo. The tournament will be played at Ottawa Park, which is within four miles of the heart of the City of Toledo.

The annual invitation tournament of the Shenocott Club at New London, which starts to-morrow, has attracted a fine field this year—Henry Topping, Reggie Lewis, Tommy Armour, Max Marston, Willie Hunter, Parker Seely and a host of others. Looks like a championship meeting.

Gene Sarazen, the new national open champion, paid a brief visit to the Westchester-Biltmore Country Club yesterday and shook hands with a squad of caddies numbering about seventy-five, many of whom he knew personally. Gene is very popular with all of the caddies, having been one himself only a few years ago. He is very familiar with Westchester County and its hills, having spent his boyhood days at the Apawamis Club.

The third tournament of the Metropolitan Advertising Golf Association for this season will be held at the Greenwich Country Club to-morrow.

Golfers Get Better Scores When Not Under Strain of Title Play

CHICAGO, July 17 (By The Associated Press).—That some golfers play better when not under the necessity of trying to be perfect has been indicated within two days of the close of the national open championship by no fewer than four of the participants in that event who were considerably behind the winner, Gene Sarazen, of Pittsburg.

The next day after the Skokie meet, Jock Hutchison and Abe Mitchell went to Park Ridge links and shot a round of eighteen holes in 66 strokes each, or 7 under par, whereas neither of them was able to equal par 70 at Skokie in four attempts. George Duncan, a Briton, who tied with Jim Barnes for second, one stroke behind Walter Hagen in the British open, shot the Park Ridge course in 67.

Then the next day Chick Evans, formerly national amateur and open champion, went to the Midolatho links and shot a course record of 67, or 8 under par, although the best round he had at Skokie was 72. And at the same meet Willie Hunter, formerly British amateur champion, forced a tie as compared with his last round in 80 at Skokie.

In these post-championship games the golfers had little at stake, and sought only to enjoy the natural beauty for the delight of seeing the pellet sail through the air. Each shot was played for its own result, and not with a view to what effect it would have on the total score of the round.

But whether that had a bearing on it just happened that these players hit their top speed a few days too late, experts could not agree. That a golfer, in matters how clever cannot get away from the fact that he is a golfer, and on top of his game has been shown a great many times. Hagen went to England a couple of years ago and could do little better than an ordinary player. He was off his game, and his explanation offered. This year he went over and was winner over the best Great Britain could put forth.

Three days before the national open began at Skokie, Jack Jura played his qualifying rounds in 67 and 68, or thirty-six consecutive holes in 135 strokes, a feat no golfer ever before performed. Yet when the championship started Jock took 68 strokes for his first round and couldn't get within three strokes of par in four attempts. He was on top of his game three days too soon.

Michigan Loses Coach

MINNEAPOLIS, Minn., July 18.—Sig Harris, freshman football coach at the University of Michigan, probably will not return to the coaching staff, it became known to-day. His place will be taken by T. Nelson Metcalf, former head coach at Oberlin College, who tutored the gridiron machine which scored a victory over Ohio State last fall.

Sarazen to Play at Brooklawn

BRIDGEPORT, Conn., July 18.—Gene Sarazen, national golf champion, will give a public exhibition Thursday before members of the Brooklawn Country Club here, where he was once a caddy and assistant to George Sparling, professional. Either Sparling or one of the members of the club will be his partner.

Peter Pluto Beats Longset in 2:08 Trot at Kalamazoo

Favorite Loses After Winning First Heat; Jackson Gratton in Fast Pace

KALAMAZOO, Mich., July 18 (By The Associated Press).—When Peter Pluto finished ahead of Longset in the 2:18 trot in the first race on the four event card of the second day of the Grand Circuit meet he furnished the only upset of the afternoon. The other races were easy for the favorites.

Longset was the favorite and showed the way in the first heat, but after that the Tom Taggart horse, with McDonald stable, trailing, was able to outspeed the Cox entry and land first money. Longset was second and Baron Worthy third at the wire.

Jane Revere had no trouble in winning the two-year-old trot in straight heats. Ho Guy was an easy second, with the Senator from the McDonald stable, trailing.

The best time of the meet so far made was in the first heat of the Newburdick Hotel purse for 2:07 pacers, when Jackson Gratton, the favorite, did the distance in 2:02½. The Cox entry then annexed the race in straight heats, with Edna Early and Transpare finishing in two-three order in each mile.

Bovalo also came through in straight heats in the 2:10 trot. Dottie Day, who finished fifth in the first heat and then came in second the remaining miles, took second money, while Enture was third all the way. The feature event of to-morrow's program is the \$5,000 Paper Mills purse for 2:08 trotters. Three other events are carded for the afternoon.

Child Labor Law Causes A Scarcity of Caddies

LYNCHBURG, Va., July 18.—Golfers of the Oakwood Country Club here and at other golf clubs throughout the State are in a hurry to get new child labor law, which prohibits boys under sixteen years of age working in any place of amusement.

The result is that there are now three or four golfers to every caddy. There is a sharp rush to the links and many business offices are vacated early by golfers who are opposed to trudging around eighteen holes with a golf bag on their backs. Many of the caddies in golf declare the clause prohibiting young caddies is ridiculous and hold that boys are greatly benefited by the outdoor life.

Argentine Polo Team Wins

ROEHAMPTON, England, July 18.—In the semi-final game of the Roehampton polo cup tournament here to-day the Argentine team won from the Templeton team, on which the Prince of Wales played. The score was 4 goals to 3. The Prince of Wales did not score.

Kinsey Brothers Coming For Doubles Tennis Meet

SAN FRANCISCO, July 18.—Robert and Howard Kinsey had completed arrangements to-day to leave for Brooklyn, where they will open a tennis tournament tour of Eastern cities. The Kinseys are the Pacific Coast champions of the United States. On July 31 the Kinseys will play at Seabright, N. J.; August 7 at Southampton, L. I.; August 14 at Newport and September 8 in the national singles in Philadelphia.

Erhal Retires as Amateur

Joe Erhal, of the New York A. C., former metropolitan pentathlon champion and indoor broad jump title holder, is no longer an amateur. The East Orange athlete turned in his registration card at A. A. U. headquarters yesterday, and will become physical director of the Middletown, Conn., Y. M. C. A.

Ed. Leader Replaces Cordery As Coach of Rowing at Yale

University of Washington Mentor Will Take Full Charge of Blue Oarsmen Next Fall, Announces Professor Mendell, Chairman of Athletic Board

NEW HAVEN, Conn., July 18.—Ed Leader will have charge of the Yale rowing commencing in the fall, it was announced here to-day by Professor Clarence W. Mendell, chairman of the Yale Athletic Board of Control, following a preliminary announcement to that effect made in Seattle. The rowing committee, of which Frederick W. Allen, of New York, captain of the 1899 and 1900 crews, is chairman, has been working on the rowing situation since before the Yale-Harvard race in June, with an idea of engaging an American coach who could work constructively over a period of years.

The engaging of the new rowing coach was delegated to the rowing committee by the board of control after a conference with Captain-elect B. B. Pelly, of Seattle.

The assistants to Leader have not yet been chosen, and, naturally, he will have a large voice in their selection. Last year Jim Cordery was engaged as head coach of the Yale crew and was allowed to select his own assistants as an experiment. He selected his older brother, George Cordery, who subsequently became head coach, and Bert Lee as his assistants, but this combination did not work out well. Jim Cordery, however, finished the season as coach of the freshman crew, which made a most creditable showing until the shell sprang a leak at New London and sank as it was leading the Harvard freshmen on the homestretch.

Whitney at the Helm
It is an open secret that the direction of the varsity work at New London was in the hands of Payne Whitney, of the rowing committee, captain of 1908 crew. This is not the first time that Payne Whitney has changed what looked like a hopeless outlook for the Yale crew into victory, for last year, after the departure of Guy Nickalls, the day that the Yale crews were at Gales Ferry, Whitney really took charge, though Jim Cordery was ostensibly head coach. The same situation gradually developed this year, and Whitney, who is a most modest man, was in charge of the varsity during the final three weeks of the season.

As a result of the engaging of Ed Leader it is expected that Whitney will be able to follow his usual custom of spending May and the early part of June in the pursuit of tarpon, which is more to his liking than taking active charge of Yale coaching.

Leader, who coached the Washington crew this year so that it pressed the Navy crew to break all records to win at Poughkeepsie, is one of the youngest coaches in the country. He was graduated from the law department of the University of Washington in 1915. He had had three varsity years on the Washington eight, rowing in the famous crew of 1913. He also played football, making the varsity at Washington, and even with his rowing found time to play on the baseball team, so that in his senior year he won letters in three sports. He was twice on the Washington football team, once on the baseball team and for three years on the crew.

In 1916 on the sudden and tragic death of Hiram Conibear, head coach of the baseball team here in 1914.
